## Grand Jury indicts Bennett

By ELLIS CUEVAS

Arraignment proceedings are scheduled Wednesday, at 10:30 a.m. before Circuit Judge James Thomas for Bay St. Louis Mayor Larry J. Bennett who was indicted by a Hancock County Grand Jury on two counts late Friday.

Also indicted were Donn Murray, an inspector for the City of Bay St. Louis; Woodrow Ladner and Louie Ladner, both former members of the Hancock County School board.

Bennett was indicted by the grand jury on charges of fraud and conspiracy, while Murray was charged with conspiring with Bennett to defraud the city.

Bennett said Saturday, "Quite to the contrary, as reported by some of the other news media, I was not arrested. Once these allegations are further investigated, the truth will be known."

Hancock County Sheriff Ronald Peterson stated Saturday, that Bennett, Murray, Louie Ladner, and Woodrow Ladner all voluntarily reported to his office around 7 p.m. Friday.

Woodrow Ladner, and Louie Ladner are charged with defrauding the school district.

Bond was set at \$5,000 each on Bennett and Murray, and both were released on personal property bonds.

The two former school board members' bond was \$1,000 each. They were also released on property bonds.

They were indicted for receiving \$500 each to attend a Southern Region School Board Association Conference in Nashville, Tenn. in July 1981, "falsely representing themselves as being

Assistant Superintendents Harlan Hill and James Fair."

Woodrow Ladner, of the Catahoula Community, when asked on Saturday for comments regarding the indictment said, "None right now."

Peterson reported the arraignment was a time the judge would make sure the indicted persons would plead guilty or not guilty; have proper legal representation and a trial date set.

The indictment against Bennett and Murray stated: "...on or about the 21st day of August, 1978 through the 3rd day of September in the year of our Lord, 1978, ... conspire, wilfully scheme and design, and unlawfully plan and set in concert, each with the other, to cheat and defraud the City of Bay Saint Louis, Mississippi, out of property, to-wit: labor and materials, and he, the said Donn Murray, in furtherance of said conspiracy, secured the services of a carpenter to perform labor on the residence of the said Larry Joseph Bennett, and had said labor and materials charged to and paid for by the City of Bay Saint Louis, by wilfully, falsely and fraudulently having said labor and materials represented as authorized expenditures for work on the streets of the City of Bay Saint Louis; he, the said Donn Murray being then and there an Inspector for the City of Bay Saint Louis, and he, the said Larry Joseph Bennett being then and there the duly elected Mayor of the City of Bay Saint Louis..."

Bennett's second indictment said he did; "...commit a fraud upon the City of

## Record number of indictments issued

By BRENT MACEY

The Hancock County Grand Jury recessed Thursday after handing down 98 indictments, a record number of indictments delivered by any Grand Jury in Hancock County's history.

The jurors suggested their findings, read aloud from their final report, be presented orally to the Hancock County Board of Supervisors at the supervisor's next meeting.

"That's one of the better ideas I've heard in a long time," Griffin stated, and pointed to the importance of making the juror's recommendations public.

"We need the public's attention to get these things done," he said.

The jury, in their final report, commended work performed by the Hancock County Sheriff's Department, the Hancock County Youth Court and Circuit Clerk's Office. But, the Hancock County School District came under fire.

The jurors recommended Hancock school board members "exhaust every effort" to update and classify 16th section lands in order to generate more revenue for the district.

Improving janitorial and

maintenance conditions at the Hancock North Central campus was also recommended.

"Specifically, the metal shutters on the trailers at Hancock North Central campus should be removed immediately before there is a serious injury. In addition, broken windows, floor ceiling repairs should be made without delay."

The jury also recommended relocating a school in the southern part of the county.

"Costs of transporting high school

students to the northern part of the county is probably more costly than a new school would be..." the jury reported.

In reference to the County's Sanitary Land Fill, the only legal dump in the county, the jury recommended the dump be "maintained properly at all times."

Hancock County Supervisor Sam Perniciaro said Friday that a piece of county equipment broke down at the site two weeks ago and Crown Equipment

machinery is being leased until the county equipment is repaired.

Perniciaro said the repair work should be completed this weekend and county equipment will be back on the site Monday.

The jurors, like others in the past, recommended a new county jail be constructed. To finance the building, they recommended placing a bond issue on the November 1983 ballot.

Unlike previous Hancock County

## Nereids offering first official theme poster

The Krewe of Nereids for the first time in its history is selling an official limited-edition poster depicting the organization's 1983 theme.

Patsy Dubuison of Bay St. Louis, Nereids Poster Sales Committee chairman, says about 80 of the 300 prints are available for sale to the general public.

The full-color poster includes the krewe's official logo and various costumed characters depicting the Yankee Doodle Dandy theme this year, she notes.

Nereids' parade this year is scheduled to again run along US-90 in Waveland beginning at 2 p.m., Feb. 6.

Nel Ducomb, a longtime Hancock County artist, designed and painted the 18-inch by 24-inch poster.

Dubuison states, "We've never done anything like this before. We wanted a poster depicting the theme and something people could have to remember the parade and ball this year."

"We feel we have a spectacular

theme this year which reflects a spirit of Americanism," she says.

"Also, this is a beautiful work of art in which each costume portrays a George M. Cohan song," Dubuison adds.

Each poster sold is numbered by the artist and registered by the krewe, she reports.

Being a first edition, the poster is considered a valuable collectors item, Dubuison notes.

For purchase information, telephone Dubuison at 467-1374 or Ruby Chapman at 467-4051.

Regarding the artist, Ducomb is a native of New Orleans, studied art in that city and was an illustrator with the Times Picayune newspaper for several years.

Ducomb was also a free-lance high fashion artist in New Orleans.

After moving to Hancock in 1947, Ducomb devoted her time to fine art and painted portraits of many

## Port body to purchase engines for locomotive

By BRENT MACEY

The Hancock County Port and Harbor Commission Thursday agreed to advertise for two new 220 horse power engines for the commission's locomotive at Port Bienville Industrial Park.

The cost is estimated to be some \$15,000 per engine. Installation would be included in that estimate.

According to Woody Stieffel, the commission's engineer technician, the locomotive's twin 150 horse power engines are "just about shot."

"They could possibly blow up," Stieffel said.

He claimed the engines are old and "obsolete"; that they spew oil and are generating approximately one-half the horsepower for which they are designed.

Stieffel suggested buying new engines with more horsepower to accommodate projected increases in rail traffic at the park.

As an alternative to purchasing the

motors, Stieffel said the commission could consider buying only one new engine.

However, that idea was abandoned when commissioners anticipated problems arising from attempting to synchronize a new 220 horse power engine with an old 150 horsepower engine.

A third alternative, purchasing a new locomotive, was also abandoned when Stieffel said a recent inspection of the current locomotive by Montgomery Maintenance of Montgomery, Ala. revealed the old train body to be in excellent condition.

In other business, Stieffel informed the commission that he learned the Federal Railroad Administration was considering shutting down the railroad at the park.

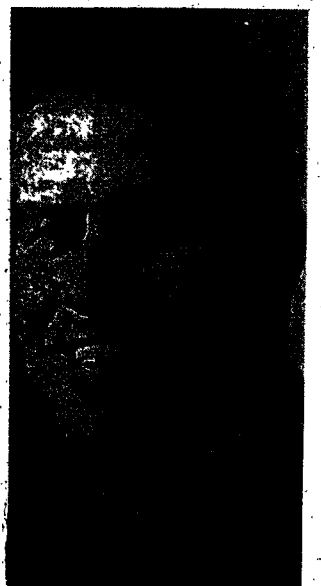

Stieffel said the commission had failed to send quarterly inspection reports to the FRA.

"They (the FRA) have been extremely tolerant," Stieffel said. But he warned the FRA's patience are wearing thin.

Stieffel said the last time quarterly inspections were reported to the FRA was in 1979 when Bob Gieger was an engineer for the commission.

To ward off the FRA from closing the railroad, the commission agreed to hire

## Bay Fire Department sets drills, inspections

By EDGAR PEREZ

The Bay St. Louis Fire Department Monday will begin its annual school fire drill program and inspection of commercial and public buildings.

Fire Chief Andrew Lizana said drills will be conducted at all public, private and parochial elementary and secondary schools in the city.

Among structures to be inspected will be all publicly owned buildings such as the Courthouse, City Hall and City-County Library.

Privately owned buildings open to the public, such as restaurants, supermarkets, variety stores and motels will be subject to the department's scrutiny.

Lizana noted annual fire safety inspections are required for renewal of licenses at such places as hospitals and nursing homes.

"Any condition which might lend

itself to the start of a fire will be the type of hazard we'll be watching for," Lizana said of the building inspections.

"We'll be checking cooking areas, storage and use of flammable liquids, overloaded electrical outlets, and accessibility of fire extinguishers where required," Lizana continued.

"In the schools, our intention is to work with the students and faculty to insure they know how to get out of the building in the event of a fire during school hours," the chief explained.

"At the same time, we will be familiarizing ourselves with the floor plans and layouts of the various schools in case we ever have to answer a call there," he said.

Lizana said school fire drills will be scheduled if possible to avoid conflict with examinations or other special events.

**SYMPOSIUM SPEAKER**—Among principal speakers at the 17th annual Hancock Bank Economic Symposium Wednesday at the Broadwater Beach Hotel in Biloxi is Rear Admiral John Bradford Mooney Jr. of Washington, D.C., oceanographer of the Navy and chief of the Navy's oceanographic operations at NSTL in Hancock County. The symposium is slated from 11:30 a.m. to 2:30 p.m. Other speakers include Ron Burton, Gulfport Memorial Hospital administrator; G. Thomas Patton Jr. of Detroit, Mich., General Motors Acceptance Corporation executive vice president; and Jack L. Stanford of Biloxi, Broadwater Beach Hotel general manager.

**STORM DAMAGE CHECKED**—Members of the Mississippi Emergency Management Agency were at Bayou Cadet assessing damages caused to the Hancock County Fishing Fleet by a surprise storm on Jan. 28. Among those checking the damages were from left, Robert (Bobby) Brinkley, Hancock County Civil Defense director; Ron Miller, southern area representative; Dee Cochran, northern area representative; and Sam Perniciaro, member of the Hancock County board of supervisors;

with Ronnie Ferrell, president of the Hancock County Fishermen's Association in rear. The information was being gathered for Governor William Winter to decide whether to declare the Bayou Cadet a disaster area. Boudin last week estimated damages to the fleet at \$367,000, in a report to the Hancock County Board of Supervisors. (Staff photo by Ellis Cuevas).

**STRUCK BY BUS**—Brian Favre, 11, a fifth-grade student at North Bay Elementary School in Bay St. Louis, receives attention from Mobile Medie personnel Thursday after he was struck by the school bus he rode home on. Bay St. Louis Police Chief Douglas Williams reported that Roger Price, driver of bus No. 11, let Favre and several other students off the bus at the corner of St. Charles Street and Old Spanish Trail. All the students except Favre crossed the street in front of the bus. "When the bus driver started up, he didn't see Favre," Williams said. The front right wheel of the bus apparently ran over the youth's left foot and ankle. Favre was taken to Hancock General Hospital and treated and released for minor injuries the same day. No charges have been filed. (Staff photo by Brent Macey)

The indictments against Woodrow Ladner, and Louie Ladner stated that they did, "... on or about the 13th day of July, 1981 through the 20th day of July, 1981 ... commit a fraud upon the Hancock County Board of Education, ... by each obtaining from the Board of Education, \$500.00 in good and lawful money of the United States of America, for the purpose of attending the Southern Region School Board Association Conference in Nashville, Tennessee, when, in fact, they said Woodrow Ladner and Louie Ladner were not authorized to attend said conference under Section 37-5-21, Mississippi Code Annotated (1972) as amended; and by Woodrow Ladner, and Louie Ladner falsely and fraudulently representing themselves as being assistant Superintendents Harland Hill and James Pair respectively at said conference, and by submitting travel reimbursement vouchers in said assumed names, ... knew well they were not authorized ... and ineligible to receive the \$500.00 travel advances or be reimbursed for any travel expenses ...

Woodrow Ladner was defeated in his bid for re-election to the school board on Nov. 2 by Billie Fay Lyons; and Louie

Ladner lost in a run-off against Tommy Shaw on Nov. 16, 1982. Bennett in his second term as Bay St. Louis mayor, served as a commissioner of finance for a little over a year before the change in the form of Bay St. Louis city government.

Donn Murray, resides at 413 State St., Bay St. Louis. Bennett said the indictments will not effect his position as mayor of the City of Bay St. Louis, stating, "My office will be run in the future as effectively as it has been in the past. The city is going through one of the biggest growth patterns that it has gone through in a number of years."

"I have no intentions of letting the smear campaign slow me down at this time," Bennett added.

Louie Ladner, a resident of Standard Community, was reported as being at work Saturday. Murray said he had "no comments."

## Family reunited after 28 years

By BRENT MACEY

After being separated by adoptions and foster homes for 28 years, a family of eight was reunited Jan. 22, for the first time since childhood.

Mary Shiyon, now of Bayou LaCrosse in Hancock County, related the story of her Colorado family to The Sea Coast Echo this week.

The story is perhaps better befitting "That's Incredible." It's a story of paths, of foster home abuse, of years of searching, and a final reward of being reunited.

"I'm not a real religious person. But I feel my prayers have been answered," Shiyon said about the years she spent praying that her family would some day be reunited.

"I'd just like to tell people who have been adopted or raised in foster homes, not to give up. It (being reunited) can happen."

Shiyon's story begins in Colorado in 1955 when her parents' health forced the children to be taken into custody by the state.

At that time Shiyon was 7-years-old. "All we could remember was being together in a room, some kind of hospital clinic where we were given shots and a physical," Shiyon said about the last time the family was together.

"I guess they (the state) whisked us away in different cars in different directions."

Shiyon, who was Mary Jane Adams at the time, was taken to a foster home with her 12-year-old sister Louise.

Her oldest sister, Patsy, who was 15, was given permission to marry, while her older brother Richard, 11, at the time, was taken to a different foster home.

Although separated in part, the four oldest in the family managed to remain in contact with one another through the years.

"We'd get together at Christmas time or at holidays," Shiyon recalled.

But although the four oldest met when possible, the other four youngest were never seen again until January 1983. Their whereabouts were unknown.

From information gathered at her recent family reunion, Shiyon pieced together her youngest family members' lives.

After the state took possession, the four youngest children were placed in a foster home.

They included Janis, who was one-year-old; Dot, who was two-years-old; Dan, who was three-years-old; and Bill, who was five-years-old.

Three of the children, Janis, Dot and Bill, were adopted by the Anderson family two years after they were placed in a foster home.

Dan was adopted by the Beasley family about that same time.

Although Bill remembered his younger brother Dan throughout his childhood, the state would not give Bill access to any records pertaining to his family until he became 21-years-old, Shiyon stated.

When he turned of age, Bill began looking.

Shiyon was uncertain of exactly how Bill did locate Dan, but the two planned their reunion at a McDonald's in Denver in 1972.

"Both of them said they knew each other right away when they met," Shiyon said.

"Come to find out, they both had some of the same friends but they never had met each other."

Both Bill and Dan, who Shiyon said "have become very close since the reunion, began the search for the four oldest family members.

However, at the time, the two only recalled their older brother Dick.

"They weren't sure about the rest of us," she said. "All they could remember was pieces."

Their search brought them to a woman who had once been a foster home parent of Dick.

She gave Bill and Dan a picture of their brother with the name "Dick Adams" written on the picture.

"When they saw the picture, they realized for the first time that their name was Adams," Shiyon said about her younger brothers.

The discovery led to a more intense search that would last eight years.

The boys were joined by the two younger sisters when the girls turned 21. In addition, Bill's in-laws through marriage would become a motivating force to continue the search.

Together, the group searched school records, drivers' license records, insurance policies, foster home records, telephone books and any conceivable record that might lead them to Dick.

At the same time the four youngest were searching for Dick, Shiyon noted she was also searching through records for them.

She said the family must have crossed paths in the Denver Courthouse in 1976 when she returned to see her mother. But neither the oldest four or youngest four were aware the others were looking.

The family's efforts were rewarded in 1983.

A record indicating that Dick's driver's license had been revoked because of three misdemeanor traffic violations was discovered by one of the younger brothers.

Through that license, the family found Dick's former employer who notified them of his current employer's address.

It was only a matter of days before Dick was discovered. He immediately notified the other three older members of the family about his reunion.

Shiyon flew out to Colorado a week after learning her entire family had been located.

"It's really amazing that everyone was still alive," she said.

The reunion was emotion-packed. Shiyon recalled about the visit even though Janis and Dot were unable to attend.

"I really feel now, for the first time, that I'm a complete person. We know who we are."

The announcement this week on the Miss USA Pageant being held in Knoxville on May 12 was bad news for many on the Mississippi Gulf Coast.

The Miss USA Pageant was held for four consecutive years on the Mississippi Gulf Coast, and it gave the area some very good national exposure.

We do have the 1984 World's Fair in New Orleans which can really be an advantage to our area as far as tourism goes.

I know Randy Ponder is disappointed with the Miss USA going to Knoxville, as he had requested the photo assignment last year for 1983. Sorry Randy, Knoxville is too far away.

There will be other Miss USA Pageant's and we hope the Mississippi Gulf Coast will again be selected.

It is good to see the US Corps of Engineers finally getting seriously involved in trying to find a solution to the 'big hole' near Buccaneer State Park.

Far too many people have drowned in the area for something not to be done. It always seems to take 'forever' to have something done when the US Government is involved.

No matter what is done, it will never erase the memories of the families of the 25 or so victims.

We will be real happy when the 'deep hole' no longer exists.

The recent surprise storm really hampered our fishing fleet at Bayou Cadet.

It was good to see members of Governor William Winter's Mississippi Emergency Management Agency on the scene collecting estimates of damages.

Many of the fishermen completely lost their boats, while others still have their boats high and dry on land and no way to get them back into the water.

The sad thing of course is the fact those owners of boats on dry land have been missing the oystering season which is in full swing.

We hope Governor Winter will declare Bayou Cadet a disaster, which will help the fishermen get some type of aid.

If the storm had not been such a surprise, there would never have been so much damage, especially to the fishing fleet.

Several business establishments on the bayou also suffered heavy damages.

Our Hancock County Board of Supervisors declared the flood damages as an emergency last Monday and are seeking federal aid.

Many property owners had heavy damage from the waters, as they lost autos, trucks, appliances, and some even furniture and clothing.

We are looking forward to some nice weather in the future, as we, have had our share of rain in recent weeks.

We know everyone will be wishing for rain by the time July and August comes along.

The weather like everything else does not always please everyone, and really there is nothing we can do about it but gripe.

This winter so far has been on the warm side, and we are in hopes it will continue.

#### TAX COUNSELING

Federal tax counseling is being made available to elderly Mississippians at senior centers, fellowship centers and information-referral offices across the state by the Mississippi Council on Aging (MCOA).

Elderly persons wishing to take advantage of this free service should contact their area agency on aging, MCOA, by dialing 354-6590 or the toll-free Governor's Service Line, 1-800-222-7622.

Counselors recently were trained by Internal Revenue Service instructors in MCOA-sponsored workshops to assist older Mississippians in filing their federal tax returns.

"This assistance is designed to help older persons in every area of the state, particularly those who are not familiar with certain provisions of the tax law," said Jay C. Moon, MCOA executive director.

### CONSUMER REPORT

#### UTILITY REFORM

Attorney General Bill Allain reports he has written each member of the Mississippi Legislature requesting they support his utility reform recommendations.

These recommendations are:  
(1) elimination of utility rate increases under bond;  
(2) funding of a Utility Consumers' Advocate Division in the Attorney General's Office;

(3) require utilities to publicly advertise for competitive bids for major construction and award construction contracts only to the lowest and best bidders;

(4) require Public Service Commission to check salaries paid officials of public utilities;

(5) rate cases in excess of \$5 million be appealed directly to the Mississippi Supreme Court; and,  
(6) strengthen regulatory ability of Public Service Commission.

Allain said, "I believe that if the Legislature will enact these recommen-

dations into law the consumers' in Mississippi will no longer have to pay the outrageous utility bills they are now paying."

Continuing Allain said "my office has been fighting these tremendous rate increases for a long time and if we can get these recommendations passed, the consumers will be greatly benefited."

Allain stated "as elected public officials it is our duty to provide the necessary leadership and action to see that the utility consumers of Mississippi, the state with the lowest per capita income in the entire nation, receive effective and efficient utility regulation to ensure that all Mississippians receive high quality utility service at a fair and reasonable cost."

Allain said he was urging all consumers to "reach out and touch" their legislators in support of the Attorney General's recommendations and assured the consumers that he would "always be there" fighting for lower utility rates.

### Pearlington resident objects to industrialization of Pearl River north of US-90

Jan. 28, 1983.

To the Editor:  
The Sea Coast Echo

Dear Sir:

I recently attended a public hearing in Hancock County regarding an application from Mississippi Pumping Services, Inc. (MPS) requesting permission to dredge a barge canal off the East Pearl River at Napoleon in Hancock County.

This site is north of Pearlington.

MPS has also requested a land use change at this site from general use to industrial use.

This public hearing was strictly to review MPS' requests to dredge a barge canal and to change to industrial use; we could not mention the hazards we may face from the drilling, mud being transported by the barges and being off-loaded at the dock.

The MPS, Inc. presentation was quite impressive but it still does not make any sense to me to dredge a canal and industrialize this Napoleon site.

If any pollutants should accidentally get into the river it would affect the wetlands in Mississippi and Louisiana since both border the Pearl River, too.

We already have an existing industrial port south of us, Port Blenville. If MPS proposed project is kept in compliance with the provisions, acts and requirements of Mississippi State Law, wouldn't it be best for all concerned to do it at Port Blenville where it is an existing industrial port where MPS could be regularly monitored?

The facilities MPS requires are already there, the barge canal and the road to transport their drilling mud.

The elevation of the land is approximately the same as their Napoleon site, and the economic growth would remain in Hancock County in an existing industrial area.

Everything they require is there and there would be no need to dredge a

canal or upset the ecological balance up here.

If MPS's application for their Napoleon site is granted, the damage from dredging a canal and the barge traffic on the Pearl River and the wetlands surrounding it would be a sin.

This industrialization and barge canal truly are unnecessary since there is an existing industrial port south of us that is available to MPS.

In my opinion, even with all the safeguards MPS would have to maintain at their Napoleon site there will always be a slight chance of accidentally polluting the Pearl River, even the slightest pollutant will have its effects, once the damage is done, it is done!

I strongly urge the people of Hancock County to open their eyes to this issue.

Port Blenville is an existing industrial area, MPS could be regularly monitored there, everything they require is there.

We must not allow this barge canal to be dredged and this Napoleon area to become industrialized in southwest Hancock County.

If — and I stress if — by human error or an act of nature any accidental pollution occurs in the river, we can eventually kiss the Pearl River and its marvelous surrounding wetlands goodbye.

We have until Friday, Feb. 4, 1983 to respond in writing to the Mississippi Department of Wildlife Conservation, Bureau of Marine Resources, P. O. Drawer 956, Long Beach, Miss. 39560, on the MPS application to dredge their canal.

Open your eyes, Hancock County. Please let's keep the industrial companies in existing zones where they can be monitored and let's avoid damaging the Pearl River and the surrounding wetlands.

Thank you,  
Mrs. Vicki Bounds  
Pearlington

### Consumer advocacy department in Attorney General's Office considered a waste

Jan. 28, 1983

Editor  
Sea Coast Echo  
Bay St. Louis

Dear Sir:

A State Senate committee voted to earmark \$517,127 to set up a Consumer's Advocate Department in the office of the Attorney General.

That's all we need to further deplete the income and reserves of Mississippi — a crew of hungry lawyers to keep the utilities in court as long as the money

lasts!

The Public Service Commission has the task of utility supervision, is equipped to perform this duty, and does an excellent job.

If there is a complaint about the PSC's ruling let the injured parties take the case to the regular courts where they belong without further Legislative harassment.

Less government — Not More!

### Volunteer firemen's flood rescue efforts go unrecognized

Monday, Jan. 24, 1983

To the Editor,

In the Sunday paper you had pictures of rescue workers evacuating people from Shoreline Park.

You mentioned that the Civil Defense office assisted in the evacuation but you failed to mention the volunteer firemen

who had been on the scene since early Thursday morning.

These men rescued many of the Shoreline Park residents and I think they deserve recognition and our sincere thanks for their efforts.

Thank you,

### Coast Crime Commission opposes race track proposal

January 25, 1983

Sea Coast Echo  
Bay St. Louis

To the Editor,

The "race-track bill" is resurrected again. Each time it has been introduced in our legislature, Mississippi Coast Crime Commission has opposed it.

We do so again.

Statistical data and estimates of bonanzas of "free" tax money always accompany publicity promoting such bills.

Opponents can likewise show by statistics and by specific experiences the ill-effects of such laws.

One recent study states, "Illegal gambling is acquiring respectability

from the establishment of legally sanctioned games — first, race tracks; then lotteries, off-track betting, and perhaps state-operated casinos."

Rest assured that the only reason for race-track legislation is to legalize gambling.

No Citizens Crime Commission anywhere has endorsed such legislation.

Legalizing gambling is not a deterrent but a lure to organized crime. We suggest that the personal profit motive is the basis for most sentiment favoring legalized gambling.

Ask yourself what the promoter stands to gain if gambling is legalized. MCCC opposes it.

She is graphic design director of Mississippi Monitor Publications, Inc. of Bay St. Louis and president of the Gulf Coast Art Association.

An avid gardener, Ducomb paints portraits of camellias and is painting a series of historic Hancock homes. Nine of these works have been completed. Although most of her work is in oil and watercolor, she also works in pastel, pen and ink, and charcoal.

Her subjects vary and include shrimp boats, rural landscapes, flowers, animals and still lifes.

In addition to her art school training, Ducomb has studied with artists such as George Cherepov, John Gaddis and Alan Plattmann.

Ducomb also teaches fine art classes in Bay St. Louis, Kiln and Gulfport.

Her paintings are in collections throughout the United States and she has exhibited in many one-person shows.

Montgomery Maintenance to perform the quarterly inspections at a cost of \$700 per inspection.

The action will take the railroad out of jeopardy of being closed.

The \$700 fee will include one day's maintenance labor if any is required. All parts required to bring the railroad up to standards must be paid for by the commission.

Also at the Thursday meeting: The commission agreed to apply to the Mississippi Department of Wildlife requesting the Industrial Park be declared a wildlife area.

Borg Warner, an industry in the park, complained to the Hancock County Board of Supervisors earlier this month about the danger of stray bullets from hunters striking workmen or explosive

materials in the park.

—Agreed to purchase and install water meters at five industries in the park which do not already have them. The industries will be charged a tap fee for the installation. The tap fee will equal the cost of the meter.

Following the installation, all industries will be charged 50 cents for every 1,000 gallons of water used at the park.

According to one commissioner, the industries are currently charged 'practically nothing' for potable water.

Stiefel estimated the commission could make a profit of some \$6,000 annually from the action.

The money, he said, could be used to paint a water tower at the park every 10 or 15 years.

Grand Juries, this Grand Jury recommended the sheriff's department sponsor public forums in an attempt to educate the citizens of the county about the need for a new jail.

In addition to conducting forums, the jurors recommended a committee be established to conduct a cost analysis of a new jail. The analysis would include a breakdown showing the approximate cost for each household in the county.

The following is the complete text of the Grand Jury:

### IN THE CIRCUIT COURT OF HANCOCK COUNTY, MISSISSIPPI, JANUARY 1983

TO THE HONORABLE J. RUBLE GRIFFIN, CIRCUIT JUDGE, PRESIDING

We, the Grand Jury for January 1983, term of the court having been selected, sworn, and charged, submit the following final report:

We were impaneled January 10, 1983, and have considered 114 cases of which we returned 98 true bills, 1 no true bill, struck 12 from the docket, left 1 pending to be passed to the next Grand Jury and referred 2 to other courts.

The Grand Jury recommends that the July, 1983, Grand Jury be furnished copies of this report as their first order of business.

All County Supervisors and Administrations of the Cities of Bay St. Louis and Waveland are to be furnished copies of this report as well as U.S. Senators Cochran and Stennis; also, Congressman Lott, State Senator Smith and Representative Compretta, and specifically The Attorney

General, and Executive Director of the Mississippi Ethics Commission.

We feel compelled to make as our first and strongest recommendation that the duly elected Supervisors of this County of Hancock read and study the findings and recommendations of this Grand Jury.

The findings and recommendations of this Grand Jury, we feel, merit oral presentation at the first Board of Supervisors meeting following this term of court, and should be made a part of their minutes.

Sherriff's Office and Jail

The Grand Jury wishes to commend Sheriff Ronnie Peterson, Investigators Alvin Ladner and Delbert Seay, and the entire staff for their outstanding job as the Law Enforcement Officials of this county.

We have visited the County Jail and Sheriff's Office.

After an appearance before this Grand Jury by both the Sheriff and the President of the Board of Supervisors regarding the jail, we feel the following recommendation is

presented next. Story hour will conclude with the filmstrip, 'A Kiss for Little Bear,' according to Becky Mitchum, children's librarian.

### Hancock students make Loyola Dean's List

Three Loyola University students from Hancock County have been named to the Loyola fall 1982 dean's list with grade-point averages of at least 3.5.

In the College of Arts and Sciences are Kathleen Eckert and Rhonda Williamson, both of Bay St. Louis.

Melissa Alcaen, Waveland, is listed in the College of Business Administration.

in order:

In view of a probable pending lawsuit regarding the inadequate conditions in the jail, the Grand Jury unanimously recommends a Bond Issue for new jail facilities be placed on the November 1983 ballot.

Without further delay, the Board of Supervisors and Sheriff's Department should begin sponsoring public forums in an effort to educate the citizens of this county about this long neglected problem.

In conjunction with these forums, we recommend a Jail Assessment Committee be appointed consisting of the following members:

Four appointed from each Beat in the County by the respective Supervisors

Two appointed by each Municipality in the County — Bay St. Louis and Waveland.

The following Law Enforcement Officials: The Sheriff, County Prosecutor, and District Attorney

This Committee shall be charged with not only educating the public, but conducting a cost analysis of a new jail to include a breakdown of what that cost would be (approximately) to each household in the county per year.

Chancery Clerk's Office

Mr. Mike Necaise, Chancery Clerk, made a personal appearance before the Grand Jury and gave an oral report. He stated the county is presently in good financial shape.

Also, the recently installed computers have modernized the bookkeeping system and made it more efficient. We commend Mr. Necaise on his job.

Youth Court

The Grand Jury visited and toured the Youth Court on January 13. Ms. Brenda Bailey gave a very complete and concise presentation on the Juvenile Court and a tour of the building. We are happy to report that the fire extinguishers recommended by the July, 1982 Grand Jury have been installed.

County Elderly Home

We, the Grand Jury, would like to commend Mrs. Garcia for the clean, neat condition of the home. The dishwasher and repair to the floor tile recommended by the previous Grand Jury have not been

done to this date. We recommend these improvements be made immediately.

It came to the attention of this Grand Jury that the capacity for residents is 20, and presently only 5 elderly county residents are residing in the facility.

We recommend the County Home for the Elderly be brought to the public's attention by the proper authorities in an effort to serve as many of our elderly in the county as qualify.

Hancock General Hospital The Grand Jury was given a complete tour and presentation of the facilities by the Administrator, Phil Langston. We recommend the administration and staff for providing such excellent care with the existing facilities.

The most important improvements brought to our attention were the expansion of the intensive care unit just this past year, and the fully staffed Emergency Room under the direction of Dr. William Bradford. We are also proud of the fact that we now have many and varied surgeons on staff and as consultants in addition to full services for obstetrics, pediatrics, and orthopedics.

County School System

Hancock County School Superintendent Terrell Randolph spoke to the Grand Jury regarding the conditions of the schools. After a complete discussion on Sixteenth Section Lands, it is our strong recommendation that the County Board of Education exhaust every effort to have these lands properly classified to generate the most funds possible for use in the schools.

This same recommendation was made one year ago by the Grand Jury. We feel that the County School Board should not waste any more time in taking action on this matter.

We further recommend the Hancock County School officials look into re-locating a school in the southern part of the county. Costs of transporting high school students to the northern part of the county is probably more costly than a new school would be. In addition, the expense of transporting students is complicated by the risk of traveling approximately 75 miles a day on crowded buses in inclement weather.

After a visit and inspection of the campus at Hancock North Central it is our feeling

that the janitorial and maintenance services could and should be greatly improved. Specifically, the metal shutters on the nine trailers at Hancock North Central campus should be removed immediately before there is a serious injury. In addition, broken windows, floor and ceiling repairs should be made without delay.

Forestry Commission

The Grand Jury would like to commend Mr. Kenneth Buzachief and his staff for the fine job they are doing as our Forestry Commission and also for the informative presentation given to the Grand Jury with regards to the laws governing forest fires, arson, and tree theft.

The Forestry Commission's telephone number is 354-4938.

We, the Grand Jury, recommend to the public that they report any forest fires immediately to the fire tower.

Sanitary Land Fill

Mr. Sammy Perniciaro, Supervisor of Beat 4, appeared before the Grand Jury regarding the Catfahoula Dump. This is presently the only legal dump in Hancock County. It is the opinion of this Grand Jury that if Hancock County is going to be provided only one legal dump, that it be maintained properly at all times.

Crown Equipment is presently providing a bulldozer until the County equipment can be repaired.

We recommend the Board of Supervisors repair the County equipment immediately to assure the dump is being maintained under the minimum standards of the Environmental Protection Agency, and that this and all county equipment be marked as "County Equipment."

This Grand Jury worked in unison and harmony in carrying out all of its duties and responsibilities. We wish to express our gratitude to the Court, the District Attorney's office and the County Attorney for their patience, guidance, and assistance.

Finally, we would like to thank the Honorable J. Ruble Griffin for the charge he gave to us when we were impaneled. Our tenure has been very educational and enlightening.

We have completed our duties and respectfully ask to finally be discharged this 27th day of January, 1983.

TERENCE M. FEENEY Foreman

## OLG Nuptial Mass unites Zeugin, Horning

Our Lady of the Gulf Catholic Church was the setting for the January 22 exchange of vows between Rosemary Alida Horning and Harold Bernard Zeugin Jr., both of Bay St. Louis.

The bride is the daughter of Mrs. John A. Horning of Pensacola, Fla. and the late Mr. Horning. The groom's parents are Mr. and Mrs. Harold Bernard Zeugin Sr. of Bay St. Louis.

Rev. Henry McInerney officiated at the 2 p.m. double ring ceremony and celebrated a Nuptial Mass.

Arrangements of white gladioli, pink and white carnations, baby's breath and greenery decorated the altar.

Musical selections were provided by Mrs. Lana Noonan accompanied by organist Mrs. John McKenna.

Given in marriage by her

brother, John David Horning, the bride wore a formal gown of white chiffon over bridal taffeta fashioned with Queen Anne neckline outlined with French chantilly lace and beaded yoke lace appliques, full sheer bishop sleeves ending in fitted lace cuffs and adorned with chantilly lace appliques. The A-line skirt was trimmed with a wide band of lace which extended to a chapel length train. She wore a matching bridal hat of chantilly lace which held a veil of silk illusion.

She carried a colonial style bouquet of white and pink silk roses, lily-of-the-valley, baby's breath and white lace streamers.

Mrs. Linda Horning of Pensacola, Fla., sister-in-law of the bride, was matron of honor.

Bridesmaids were Juanita

Dannacher of Picayune and Jan Fairchild of Macon, Ga.

The attendants were attired in formal gowns of lustrous polyester knit, featuring sheer lace yokes in front and back and flared skirts. The matron of honor wore misty mauve and the bridesmaids gowns were wine in hue.

They wore hair ornaments of pink and wine silk flowers and baby's breath and carried bouquets of pink silk magnolias, pink and wine bell flowers, baby's breath and matching ribbon streamers.

Calvin Delbert of Bay St. Louis served the groom as best man.

Groomsmen were Frank L. Schwandt and Maurice Colly, both of Bay St. Louis.

Ushers were Paul D. Horning and Kris A. Horning of Pensacola, Fla., nephews of the bride.

The bride's mother chose for the occasion a street length gown of lustrous knit fashioned with cowl neckline, slightly draped back, long sleeves and softly flared skirt.

The mother of the groom was attired in a beige crepe street length dress featuring long sleeves and pleated skirt.

A reception followed the ceremony at Virginia Hall, Christ Episcopal Church. Arrangements of pink and white carnations, pink gladioli, baby's breath and greenery decorated the hall.

The bride's table held a tiered wedding cake topped with an off-white satin bell surrounded with silk off-white tea roses and ruffled chiffon

backed with a white lace heart.

Assisting at the reception were Tammy Fillingame of Picayune and Janice Lee of Carriere.

For traveling to St. Augustine, Fla., the bride chose a gray and black knit dress with matching accessories and a white orchid corsage.

The couple will reside in Bay St. Louis.

Out-of-town guests included Mrs. Gwendolyn Whitmore of Rancho Palos Verdes, Calif.; Mrs. Eileen Turri of Memphis, Tenn. and Jan Fairchild, Brandon, Billy and Jason Fairchild of Macon, Ga.

## February 5 wedding to unite Hoda, Mayo

Mr. and Mrs. Philip Ray Hoda Sr. of Pass Christian announce the forthcoming marriage of their daughter, Stephanie Darlene Hoda, to David Edward Mayo, son of Mr. and Mrs. Renis Malley of Pass Christian.

The bride-elect is a graduate of Hancock North Central High School and attended Pearl River Junior College.

The prospective groom was graduated from Harrison Central High School and is employed with Diamondhead Corp.

The couple will exchange vows February 5 in a 2 p.m. ceremony at St. Matthew's Church. A reception will follow at the Kiln Veterans of Foreign Wars Hall. Friends and relatives are invited to attend.

DONALD CORR JR. AND TENA RAWLS

## Rawls, Corr announce March wedding plans

Mr. and Mrs. William V. Rawls of Collins announce the engagement and forthcoming marriage of their daughter, Tena Marie Rawls, to Donald Earl Corr Jr., son of Mrs. Donald Earl Corr Sr. of Bay St. Louis and the late Mr. Corr.

The bride-elect is the granddaughter of Mr. and Mrs. E. S. Elzey of Collins and the late Mr. and Mrs. William A. Rawls.

She is a graduate of Collins High School and attended Jones County Junior College in Laurel. She is employed with Winn-Dixie Food Store of Hattiesburg.

The prospective groom is a

grandson of the late Mr. and Mrs. Robert L. Genin Sr. and the late Mr. and Mrs. Owen T. Corr.

He was graduated from St. Stanislaus High School and attended Perkinson Junior College.

Mr. Corr is a student at the University of Southern Mississippi where he is a member of Phi Kappa Tau fraternity and will graduate in August with a degree in athletic administration.

The couple will solemnize vows March 12 in a 7:30 p.m. ceremony at Sacred Heart Catholic Church in Hattiesburg.

## Pass Gardeners to hear African violet program

The Pass Christian Garden Club will meet Thursday, February 3 at 1 p.m. in the home of Retired Brigadier General and Mrs. Howard Haines at 313 East Scenic Drive in Pass Christian.

Mrs. Mary E. Dunwoody of Gulfport will present a pro-

gram on African violets. Mrs. Dunwoody will speak on the growth, care and propagation of the violets, and promises to introduce the members to the 'Texas Style.' This is a growing method which has proven to be most successful according to Mrs. Dunwoody.

## Beauty festival to be held at Miss. Coast Coliseum

The 6th Annual Magnolia State Beauty Festival will be held February 20-21, at the Mississippi Gulf Coast Coliseum Convention Center. This year's event will again be

sponsored by Hattiesburg Beauty and Barber Supply, Inc.-Salon Specialties.

W. H. Boteler, president stated that there would be seven private classrooms with

ten performing guest artists, representing such national and international companies as Redken, Helene Curtis, Zotos, Wella, Revlon-Realistic, and Syntex-Eugene

de Paris.

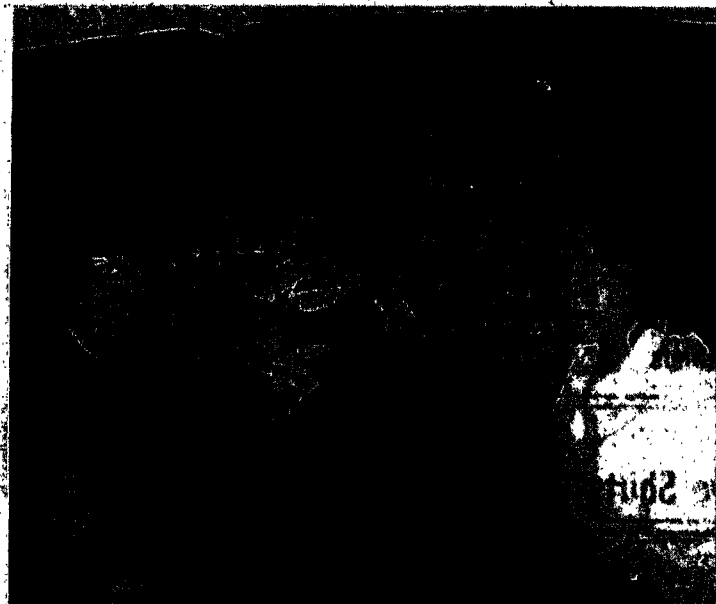

This year's feature artists will include Doris Williams, former stylist director for the National Hairdressers and Cosmetology Association, Michael Harrington, a member of the Louisiana Hair Fashion Committee, Emma Brooks of the North Carolina Hair Fashion Committee, Esther Richardson, a former hair styling Olympic team member and international

hair styling competition winner; Robert Minone, a member of the New York Styling Guild; and salon owners Jenny and Mark Bluestein of St. Louis, Missouri, who host a local television program on hair styling and grooming.

This year a special presentation will be given by Wahl Clipper Corporation on the new clipper cut styles.

Tickets are available from the sponsor, Hattiesburg Beauty and Barber Supply, Inc.-Salon Specialties.

Conway Twitty will perform in the Mississippi Gulf Coast Coliseum with Ronnie McDowell, on Saturday, February 19. Tickets for this event may be purchased separately.

## Edith Reed initiated by legal secretaries group

Members of the Harrison-Hancock Legal Secretaries Association held their monthly meeting on Thursday, Jan. 13 at the Best Western Inn, Gulfport. President Francis Favre presided over the meeting.

Guests included Lori Dunn, employed by Dukes, Carrubba & Dukes; Cathy Hinkley employed by Glen V. Murphy; Dimple Gavin and Myrna Strickland, employed by Bryant & Stennis; Jane Ungaro, employed by Cox & Buh; Vickie Bartam and Debbie Thompson, employed by Legal Clinic; Christine Stokes, employed by Blackwell, Owen & Galloway; Wanda West, employed by Boyce Holleman, P.A.; and Andy Crouch employed by Sherman Muth.

Edith Reed of Gex, Gex & Phillips, Bay St. Louis, was initiated into the organization. Dr. Susannah S. Andrews, who is a clinical psychologist in Gulfport, was guest speaker. Dr. Andrews

graduated from Vassar College in Poughkeepsie, New York, received her master's degree from California State University and PhD from California School of Professional Psychology.

She is a part-time professor of psychology at the University of Southern Mississippi and currently authors a regular newspaper column entitled "Practical Psychology—What's on your Mind" for the Northeast Mississippi Daily Journal.

Her topic for the evening was "Stress As It May Affect the Working Women."

She gave pointers on how to deal with the job-related stress.

Bosses Night will be held on March 26, at the Broadwater Sea Course Clubhouse.

Judges for Boss of the Year will be Mrs. Bonnie West, assistant vice president and training officer, Hancock Bank; Dennis Dollar, state representative, District Two, and Dr. Joan Fitch, PhD,

English literature, USM and Jefferson Davis Campus, MCGJ.

Winner of the Secretary of the Year Award will also be presented at that time. Mrs. M.L. Tootle is chairman of the Legal Secretaries of the Year, and Mrs. Linda Lott chairman of the Boss of the Year.

The State Convention will be held May 20, 21, and 22 on the Mississippi Gulf Coast at the Best Western Inn, Gulfport and it will be an honor to have one of our members installed as president at this time.

It was announced that the National Association's Official Advanced Course for Legal Secretaries will hold its first class on March 9, and every Wednesday thereafter.

Any person eligible and interested should contact Patsy Bishop with the Firm of Palmer and Stewart, for information concerning the schedule and costs.

Any person who is employed in the legal profession, in-

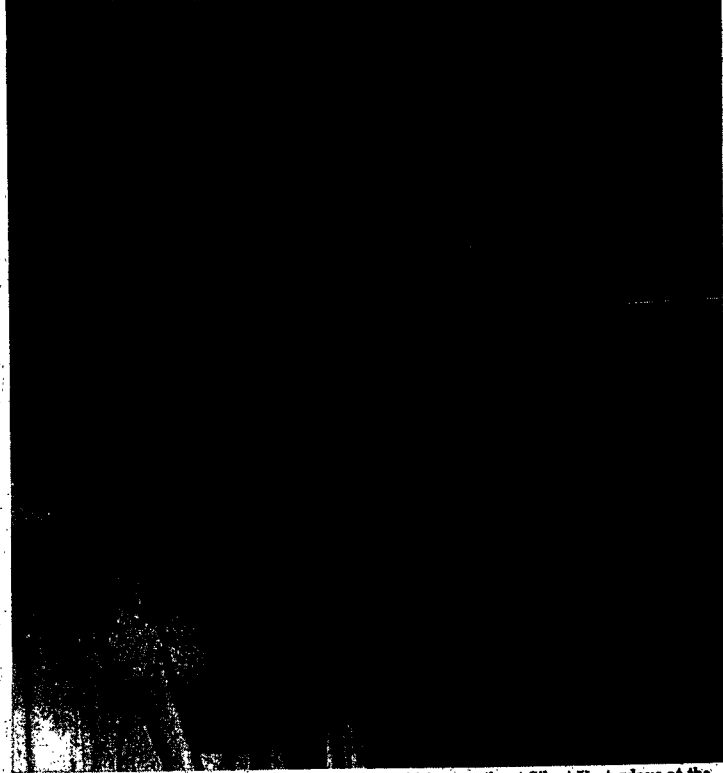

cluding clerks and deputies in our Court System and certain banking trust departments, are invited to attend our next regular meeting as a guest on Thursday, Feb. 10, at 6:30 p.m. at the Best Western Inn on US-90, Gulfport.

At this meeting a buffet will be served, Dutch treat. Meetings are held each month on the second Thursday at the same time and place.

## Brief

**BLOOD PRESSURE SCREENING**—The Hancock County Chapter of the American Heart Association will sponsor a free blood pressure screening Saturday, Feb. 5 in front of the new Jitney-Jungle at MarketTown Shopping Center, Hwy. 90 and Dunbar, Bay St. Louis. Volunteers from the Waveland American Legion Auxiliary will conduct the tests, according to Charles Johnson Jr., local chapter president.

**LIBRARY SPEAKER**—Examining an antique hay fork recently at Silent Yesterdays at the Shieldsboro Square Antique Arcade in Bay St. Louis is Roland Flick of Hancock County, a collector of automobile mascots and antique tools. Flick will speak about and display a portion of his collection at a Thursday meeting of Friends of the Library scheduled to begin at 7:30 p.m. at City-County Library on US-90 in Bay St. Louis. ## Windfall insurance dividend due Mississippi veterans

Congressman G. V. (Sonny) Montgomery (D-Miss.) reports more than 24,000 veterans in Mississippi holding GI life insurance policies will share more than \$4.6 million in dividends paid by VA this year.

The recipients include almost 500 World War I veterans as well as veterans of World War II and the Korean Conflict.

Montgomery, chairman of the House Veterans' Affairs Committee, said the record high dividend was made possible because of lower than expected death rates among policyholders and improved interest rates on the insurance funds' investments.

Nationwide, the 3.7 million veterans who have kept their GI life insurance policies in force will share in a total dividend distribution of \$673.2 million in 1983, he noted.

Those veterans still holding United States Government Life Insurance, issued mainly during WWI, will receive, on the average, a dividend of \$257. WWII National Service

Life Insurance policyholders will receive an average \$122 dividend on Modified Life Plan policies, \$260 on other permanent plan policies and \$123 on term policies.

The new Veterans Special Life Insurance will pay dividends averaging from \$26 to \$123, and Veterans Reopened Insurance will average payments ranging from \$85 to \$390.

Montgomery stressed that no application for the annual dividend is needed, and each policyholder will receive the dividend in the anniversary month of the individual policy.

For additional information contact Hancock County Veterans Service Officer Mike Ladner at 478-2100.

## Federal wage scale adjustment reported

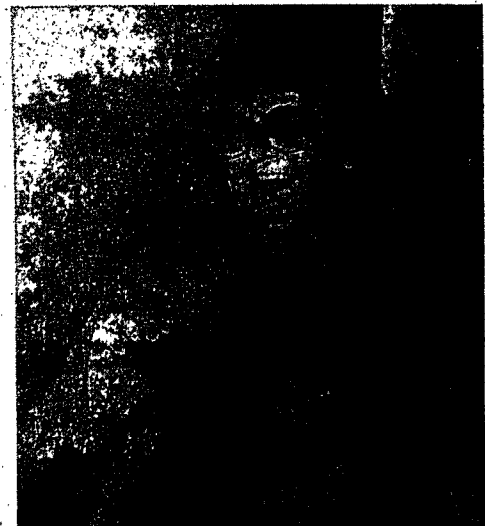

The Department of Defense Wage Fixing Authority recently announced the new fiscal year 1983 schedule for the Biloxi Wage Area which includes Hancock County.

The new schedule became effective Jan. 23. Increases average 31 cents or 3.94 percent for nonsupervisory employees, 35 cents or 3.95 percent for wage leader employees, and 48 cents or 3.96 percent for supervisors.

The pay rates contained in the new schedule are based on a survey of rates paid by private industry in the area and are not related to the 4.0

percent increase for General Schedule employees which was effective in October 1982. The schedule was established under the Federal Wage System and applies to all blue collar employees of the Federal Government paid from appropriated funds who are engaged in laboring, trades and crafts occupations in the area.

Approximately 1,800 employees are affected in the area which encompasses Harrison, Hancock, Jackson, George, Pearl River, and Stone Counties.

**PROUD GRANDMOTHER**—Mary Wyman, 81, smiles as her granddaughter Lisa Wyman, whom she sponsored, is named 1983 Miss Torch. A total of \$1,218. was raised by the contestants in the benefit for the West Hancock Volunteer Fire Department. Waveland Firechief Don McIntyre was the featured speaker and was introduced by Mickey Gaudin, assistant fire chief. The new queen was given a bouquet of flowers by Fire Chief Jerry Watkins. ## THE ABUNDANT LIFE

"I am come that they might have life, and that they might have it more abundantly." —John 10:10

By Shawn Murphy

MINISTER, BAY ST. LOUIS CHURCH OF CHRIST

One of the great secrets to enjoying the 'abundant life' that is in Jesus Christ is to allow oneself to be led by the Holy Spirit of God.

If Jesus was our example in anything, it was his willingness during his ministry to be led in all things by the Spirit of God.

In those days Jesus came from Nazareth of Galilee and was baptized by John in the Jordan. And when he came up out of the water, immediately he saw the heavens open, and the Spirit descending upon him like a dove; and a voice came from heaven, 'Thou art my beloved Son; with thee I am well pleased.'

The Spirit immediately drove him out into the wilderness. And he was in the wilderness forty days, tempted by Satan; and he was with the wild beasts; and the angels ministered to him. (Mark 1:9-13)

So from the very outset of his ministry we see that Jesus was a man who was first and foremost led by the Holy Spirit.

It was because of this force in his life that he could overcome the temptations of Satan.

In fact, in Luke's account it

was by the power of the Spirit that Jesus was led back to Galilee immediately after the test in the wilderness. (Luke 4:14)

Even before the period of his active ministry we see the boy Jesus being led by the Spirit.

And inspired by the Spirit he came into the temple... (Luke 2:27)

In the Gospel of John we see the teaching of Jesus on the giving of the Holy Spirit to believers.

Truly, truly, I say to you, unless one is born of water and the Spirit, he cannot enter the Kingdom of God. That which is born of the flesh is flesh, and that which is born of the Spirit is spirit. (John 3:5,6)

And so Paul later gives perhaps the consummate teaching on the believer being led by the Spirit in Galatians 5:16-25.

But I say, walk by the Spirit, and do not gratify the desires of the flesh... But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control... If we live by the Spirit, let us also walk by the Spirit. (Galatians 5:16, 22, 23, 25)

It is true! One of the great secrets to enjoying the 'abun-

dant life' that is in Jesus Christ is to allow oneself to be led by the Holy Spirit of God.

"Let us all walk by the Spirit."

## Catholic churches observing 'Make A Will Sunday'

Sunday, Jan. 30, has been designated as "Make a Will Sunday" throughout the Diocese of Biloxi, according to the Most Reverend Joseph L. Howze, bishop of Biloxi.

The Catholic Foundation of the Diocese of Biloxi has published a pamphlet "Do I Need a Will?" Copies of this pamphlet have been made available in all churches throughout the diocese.

The oversight of a person dying without a last will results in a Probate Court dividing and distributing a deceased person's worldly possessions according to State law rather than the deceased individual's wishes and desires, he added.

Additional administrative expenses and costs are usually incurred which are paid from the estate's assets.

Bishop Howze also stated "that since everything we have in this world comes from God, I suggest you make your will consistent with your Christian faith by remember-

ing your parish church, your parish school, and a diocesan apostolate in your will."

The Catholic Foundation of the Diocese of Biloxi has published a pamphlet "Do I Need a Will?" Copies of this pamphlet have been made available in all churches throughout the diocese.

## St. Rose de Lima

Catholic Church  
Parish News

By FR. B. C. KELLAR  
Fear enslaves us. Therefore God offers us the freedom to serve him without fear. Trust him: his love will never fail us.

Kindly remember in your prayers Jesse Lewis and Earl Lizana who were buried from St. Rose last week.

Religious instructions today at 10 a.m. for our students attending public school, kindergarten through 8th grade, including Confirmation and Pre-Confirmation classes. 11th and 12th graders will meet on Monday at 5:30 p.m.

St. Rose Catholic Youth Organization will meet on Monday at 7 p.m.

Our Gospel Choir will practice on Tuesday at 8:30 p.m.

The traditional blessing of throats in honor of St. Blaise will be given after mass on Thursday and also after all masses next weekend.

Friday, Albert and Gwen Ischem will celebrate their 43rd wedding anniversary by attending the 8:30 a.m. mass. Congratulations!

Mississippi Today subscrip-

tions will end this week. The paper will continue as a Diocese of Jackson paper only. Anyone wanting to receive it may subscribe at a cost of \$10 per year. Send payment to P. O. Box 2130, Jackson, MS 39205.

The second collection next weekend will be for the Saltillo Missions in Mexico sponsored by the Jackson and Biloxi dioceses. Due to high unemployment and Mexico's financial problems, the needs in Saltillo are even greater than usual this year. Your continued generous support of this Mission will be deeply appreciated by the people at Our Lady of Perpetual Help Parish, Saltillo.

MASS SCHEDULE  
Sunday, 7 and 8 a.m. and 6 p.m.

Daily, Monday through Saturday at 8:30 a.m.

Novena Devotion to Mother of Perpetual Help at beginning of Tuesday mass.

Confessions are heard half hour before weekend masses and upon request.

## Senior Citizen Happenings

By EVE McDONALD  
**PHOTOGRAPHY CLASS**  
Our photography class has to be cancelled as we didn't have enough interest. We do thank Bob Hubbard for offering to teach for us — maybe later we will have more interest and can try again.

**MARDI GRAS PARTY**  
Our annual party will be at our center on Friday, Feb. 11 at 1:30 p.m. sponsored by our Advisory Council. The cost will be 50 cents each to cover the cost of the music.

We will have a court, prizes, and refreshments. We hope all of you will come, and that many of you will dress in costume.

Get your name on the list Rosine Jushaway will have as you pay your 50 cents and you will be eligible to be in the court. Names will be drawn on Feb. 9 and the court will be secret!

We will want to thank Bay St. Louis Councilman Gene Taylor for the beautiful ham he donated for our refreshments, and to Riemann's Funeral Home for the corsages for the court. Peoples Federal Savings and Loan will provide King Cakes for this fun occasion.

**OPEN ART**  
Happily, we will have the services of Emily Gardner again part-time as a senior aide. She will be teaching an open art class on Tuesday mornings for us as well as her old silk flower and arts and crafts class. She will keep her private students, but will be having these other classes for us.

Let us hear from you about what type of art you are interested in — other than oil painting.

## POINT OF LAW Mississippi State Bar

(Prepared by the Mississippi State Bar. Some legal rights may vary from locality to locality. Always consult an attorney when in doubt about your rights.)

Q: If a creditor repossesses an item from an individual, can the creditor still sue the individual?

A: Frequently a creditor who has repossessed an item from a buyer will still be able to sue the buyer for part of the purchase price. For example, an individual might buy a stereo for \$1000.00, pay \$100.00 down, and agree to pay the rest of the purchase price in monthly installments of \$50.00.

If the buyer stops making his payments and still owes \$900.00, the creditor may, if he has a security interest in the stereo, repossess the stereo. The creditor may then give the buyer notice that he will resell the stereo.

If he resells the stereo for less than \$900.00, which is the amount that the buyer still owes on the stereo, then the seller can collect the remainder of the purchase price from the buyer. So, if the seller in the example above sold the stereo for \$700.00, he could sue the buyer for \$200.00.

If the seller does not give the buyer notice of resale, he may not collect any deficiency from the buyer.

Buyers should be aware of

this right of the seller to collect a deficiency from the buyer. A buyer's obligation to the seller is not necessarily ended when the seller repossesses the item. Furthermore, where the buyer has purchased an expensive item such as a car or truck, the deficiency which the seller seeks to collect may be quite large.
